To whom it may concern,

I oppose the Draft ^{3438 '99} ~~Memorandum~~ JUN 15 P2:21
being proposed by the FDA.

In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medication by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I value my individual doctor-patient-pharmacist relationship which may be threatened if large pharmaceutical houses gain control of the market.

Respectfully yours,

Betty A. Young, M.S.W., L.P.C., N.A.C.
